V3ER - Mortice 300kg maglock, monitored

Product Description

The internal range of mortice electro-magnetic locks from CDVI offer high performance locking for swing door installations.

The V3ER is a popular mortice magnetic lock with a holding force of up to 300kg. Thanks to its multi-fix features and slimmer profile, it is ideal for slim door frame fittings, making it a robust yet user-friendly electro-magnetic lock.

The unit is 12/24Vdc, and includes lock status monitoring as standard.
